

# KIDS ACT FAST... SO DO POISONS

## TIPS TO KEEP KIDS SAFE FROM POISON EXPOSURE

CHILDREN YOUNGER THAN 6 ACCOUNT FOR ABOUT HALF OF THE CALLS PLACED TO POISON CENTERS ABOUT POISON EXPOSURES.

**Keep cleaning supplies and medicines locked up and away from children!**

When it comes to poison prevention, child-resistant is not child-proof.

Layer the protection: re-seal, lock up, store out of sight and reach.

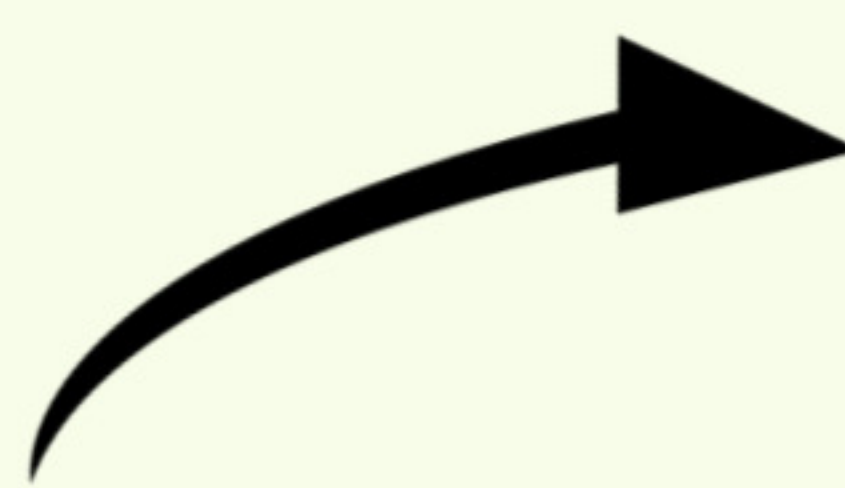

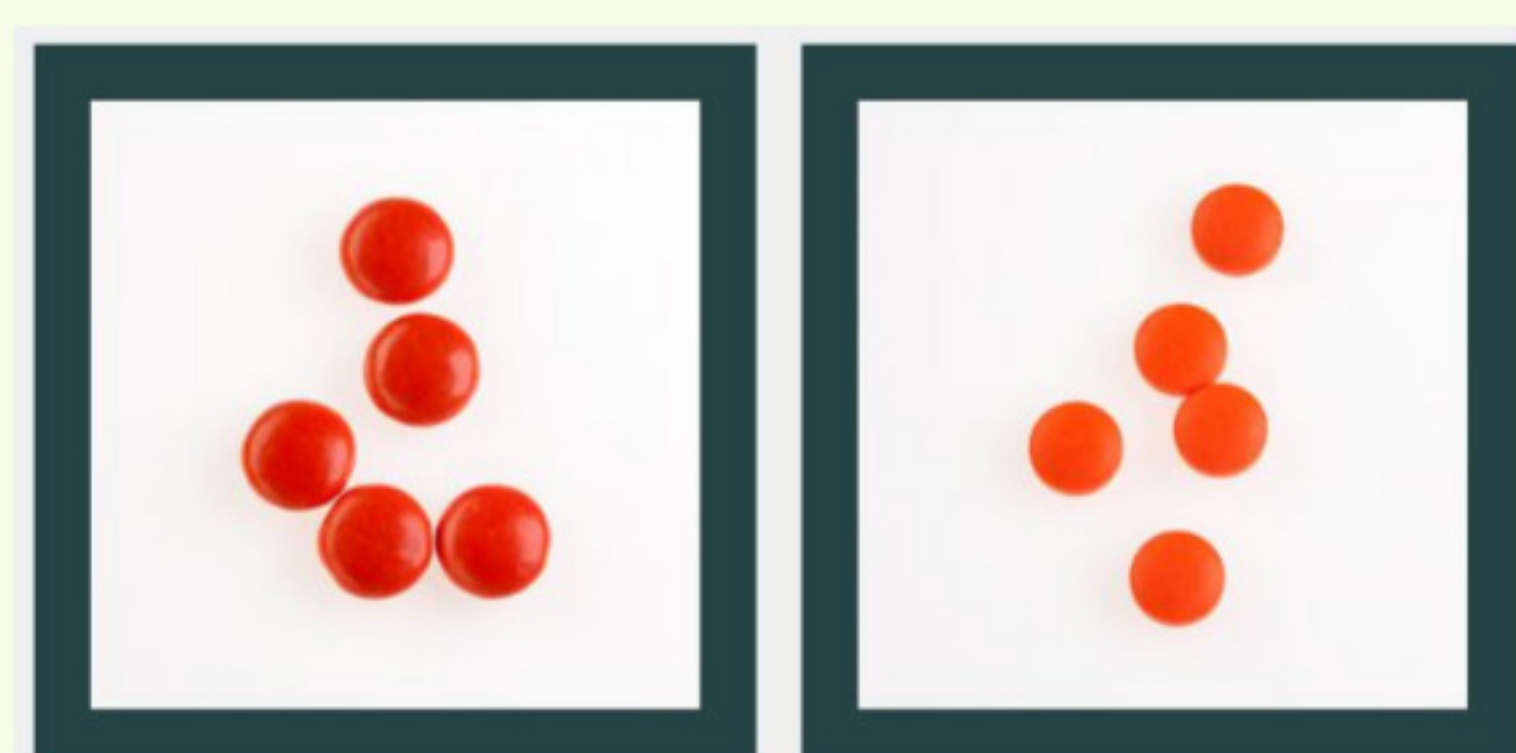

**Tell children what medicine is and why you must be the one to give it to them.**

Never call medicine "candy" to get them to take it.

Kids and adults can get medicine and candy mixed up. Can you tell the difference?
